V. Assessment criterion of absolute merit

When the applications are duly substantiated in conformity with the requirements in the present public notice, the recruitment of the applicants based on absolute merit will depend on having a relevant track record in the subject area of the tender, that should cumulatively meet the following minimum requirements:

1. Publication of ten scientific texts in the form of articles, scientific books or chapters of books, or architectural projects.
2. Four of the scientific texts mentioned above should have been published, or definitively accepted for publication, in scientific publications in Architectural areas indexed in WOS, SCOPUS, or the AVERY INDEX to Architectural Periodicals, or Art and Architecture Complete (EBSCO), or CAPES (Brazil), or Abstracts of

International Conservation Literature or Arts & Humanities Citation Index (Clarivate Analytics), or European Reference Index for the Humanities (ERIH), or International Bibliography for the Social Sciences (IBSS), or SciELO.

3 - One of the scientific texts referred to in the previous point should have been published, or definitively accepted for publication, in scientific journals in Architectural areas indexed in WOS, SCOPUS, AVERY INDEX to Architectural Periodicals, or Arts & Humanities Citation Index (Clarivate Analytics).

4. Authorship of at least five architectural projects, explicitly indicated in the curriculum vitae specified in IV, that have been constructed.

VI. Method of selection and assessment criteria

1. Applicants approved on the basis of absolute merit will be subject to the curricular assessment selection method, pursuant to the assessment criteria defined in the following point.

2. Assessment criteria

The order of the applicants in the tender will be substantiated by their scientific and pedagogical merit in the subject area of architecture, considering the profile defined in the present public notice and the following factors:

A – Scientific merit (50%)

The assessment of scientific merit will consider the following items:

A-1) Scientific production (15%) – works, projects, books, chapters in books, articles in scientific journals and in minutes of meetings of scientific nature (conferences, colloquiums, congresses, seminars, days, forums, etc.), active participation in national or international events, and organisation of national or international scientific events. The assessment of this parameter shall consider the quantity, originality and diversity of the output, the scientific autonomy revealed, degree of internationalisation, recognition by the scientific community (awards or other forms of recognition and distinction by the scientific, academic or professional community) and the impact of the scientific production.

A-2) Scientific projects (15%) – coordination and participation in scientific projects with national or international funding (public or private), as well as projects without funding. The assessment of this parameter shall consider the quantity, degree of incorporation of the project in national or international networks, the competitive nature of the project in terms of funding, its contribution in terms of assets

and resources for the research structures and the type of involvement of the researcher (coordinator or participant).

A -3) Works and Projects in the field of architecture (10 %) — The assessment of this parameter shall consider the level of involvement (authorship, collaboration), experience and recognition by the scientific and professional community.

A-4) Coordination and scientific leadership (5%) – creation and leadership of research teams, scientific management of organic and research units, and coordination of scientific or academic management bodies of institutes, schools, departments and research units. The assessment of this parameter shall consider the duration of the activity and extent of the position.

A-5) Scientific assessment (5%) – participation in national or international boards for academic examinations and participation in national or international boards for assessment and scientific consulting of scholarships, projects, researchers or research units, participation in committees of scientific events, active collaboration in editing, evaluation and review of national or international scientific publications. The assessment of this parameter shall consider the number, the role performed and diversity of the activities.

B - Pedagogical merit (30%).

The assessment of pedagogical merit will consider the following items:

B-1) Teaching activity (15%) – lecturing of curricular units, in particular within the scientific area of architecture, pedagogical performance, involvement in the management of the curricular units (lecturer or coordinator) and lecturing in international universities. The assessment of this parameter shall consider the number and diversity of the curricular units lectured and the assessment of pedagogical performance.

B-2) Pedagogical innovation (8%) – promotion of pedagogical initiatives aimed at improving the teaching and learning processes, preparation of new graduate and post-graduate courses or new curricular units, and restructuring of study plans or curricular units, participation in pedagogical structures, promotion and stimulation of processes to improve the pedagogical activity of study cycles or other educational activities. The assessment of this parameter shall consider the number, nature and diversity of the activities.

B-3) Supervision (7%) — supervision of dissertations, theses and post-doctoral projects, and the scientific excellence of the supervised work. The assessment of this parameter shall consider the number and diversity of the supervision activities, both completed and those in course.

C – University outreach (5%)

The assessment of participation in university outreach tasks will consider the provision of services aimed at enhancing the economic and social value of knowledge, programmes of continuous training, exchange of experiences, courses and seminars for the purpose of disseminating knowledge, and other relevant activities for research, namely the community in the context of the organisation, services of cooperation and consulting to other institutions.

D - Service to the institution (15%)

The assessment of participation in governing and management boards of higher education establishments will consider the following: accomplishment of activities derived from participation in university management bodies, promotion of the institution, *ad hoc* committees, recruitment of new students and all other activities for the regular functioning of higher education establishments.

3. Voting order and methods

The members of the selection panel decide through nominal voting based on the adopted assessment criteria. The voting of each member of the selection panel shall be substantiated by the classification of each applicant on a scale of whole numbers from 0 to 100, which is the result of the weighted sum of the partial classifications attributed to each indicator, also on a scale of whole numbers from 0 to 100, using the weightings defined for each parameter in point VI.2 (assessment criteria).

If the ordering of all the members of the selection panel is identical, the process is deemed to be concluded.

Otherwise, voting is conducted for the first place. If an applicant obtains more than half the votes, she/he will be positioned in first place. If none of the applicants obtains more than half the votes, the voting will be repeated after removal of the applicant who received the least votes in the previous round. The process will be repeated until an applicant obtains more than half the votes, being classified in first place. This same process is repeated so as to obtain the applicant classified in second place, and so on successively until an ordered list of all the applicants is obtained.

In the case of a tie during the process, the chairperson has the casting vote.

4. The selection panel decides on the need to conduct public hearings of the recruited applicants, which, should they take place, will follow the rules established in articles 8, number 2, and 20 of the Regulation for Recruitment, Selection and Hiring of Teaching Staff of ISCTE-IUL.

VII. Constitution of the Selection Panel

The selection panel is chaired, by delegation of the Rector of ISCTE-IUL, by Dr Jorge Manuel Lopes Leal Rodrigues da Costa, Vice-Rector of ISCTE-IUL, and is composed of the following professors:

Dr José António Oliveira Bandeirinha, Full Profess at the Department of Architecture, Universidade de Coimbra;

Dr Teresa Frederica Tojal de Valsassina Heitor, Full Professora at Instituto Superior Técnico da Universidade de Lisboa;

Dr Fernando José Carneiro Moreira da Silva, Full Professor at the Faculty of Architecture, Universidade de Lisboa;

Dr Carlos Alberto Esteves Guimarães, Full Professor at the Faculty of Architecture, Universidade do Porto;

Dr Rui Jorge Garcia Ramos, Full Professor at the Faculty of Architecture, Universidade do Porto.

VIII. The interested parties shall be informed by notification sent to their electronic address of the lists of recruited and excluded applicants as well as the list of final classification and ordering of the applicants. The tender process can be consulted by the applicants at the Human Resources Unit, under the terms indicated in the aforesaid notification.

IX. In compliance with subparagraph h) of article 9 of the Constitution, the Public Administration, as an employer, promotes a policy of equal opportunities between men and women in access to employment and professional progression, scrupulously taking measures to prevent all and any form of discrimination.

ISCTE-IUL, 29 March 2019, The Rector, Maria de Lurdes Rodrigues
